PREPARED FOR

Verizon Asphalt

Professional Landing Page — Project Proposal

Date: March 1, 2026 | Valid for 14 days

OVERVIEW

A high-quality landing page that converts visitors into customers.

We'll build a professional, mobile-first landing page for Verizon Asphalt that establishes credibility, showcases your services, and drives leads directly to your phone or inbox. Designed to look premium and load fast — optimized for Google search from day one.

WHAT'S INCLUDED

- Custom-designed landing page (4-6 sections)
- Mobile-responsive design (looks great on every device)
- Hero section with strong headline + call-to-action
- Services section highlighting your asphalt offerings
- About / trust section (years in business, certifications, service area)
- Photo gallery or project showcase section
- Contact form with email notifications

- Click-to-call phone button (mobile optimized)
- Google Maps integration showing service area
- Basic SEO setup (meta tags, schema markup, sitemap)
- SSL certificate (HTTPS security)
- Fast hosting with 99.9% uptime
- 1 week turnaround — live in 7 days
